of Homer, upon the westerly end o Kenia Peninsula, bordering upon Cook Inlat. The claims are said to have been located by about 200 Detroit and Alichigan residents and 100 other claimants from New York, Chicago San Francisco, Seattle and other West ern points.

It is declared by the defendants that strictly individual entry of the lands has been made, and that the Michigan. Alaska Company was organized as a benefit association for the purpose of aiding the stockholders or claimants to better protect their title and develop their lands. They deny that the stock was to be sold, and insist the corporation was not formed for the expiditation of the coal lands in the

general market.

Distric: Attorney Watson announced that he would prepare for an early trial of the defendants. The penalty for conviction on a charge of con-spiracy against the government of this nature is two years' imprisonment or a fine of not more than \$10,000.
